20 October 1931

Dear Sir:

The Vawter family came to Virginia in 1685 and has since spread throughout the United States. I am compiling a genealogy of the family, and desire to include a record of the important associations and societies that have included Vawters in their memberships. Full and grateful credit will be given for your assistance, which can be accomplished by having your records consulted from the earliest date to the present time. Simply advise me on the attached postal card, giving the names and years of membership of all named Vawter, Vauter, or Vaughter, regardless of whether they are members now. Thank you, very much.

Yours very truly,

Wm. S. Vawter.
